Project: GRECO:Green Economy Career Orientation - promoting sustainable local economic development by providing career guidance in the green economy.

N° 2023-1-DK01-KA220-YOU-000160430

Objectives

Enhance the knowledge and skills of youth workers.

Support young people in their green career paths.

Increase awareness of the importance of green jobs amongst youth workers

Improve the readiness of young people to enter the workforce in green careers,.

Strengthen the local economy by employing local talent in green jobs.

Results

r01 Manual of good practices

It aims to offer real-world examples and case studies for successful green careers.

r02 Holistic training

It provides knowledge, skills, and resources to guide and support young people in exploring green careers.

r03 Methodology

It aims to survey local providers on green job needs and adapt local training to increase youth employment in green careers.

r04 Dissemination activities

to spread project information and results and provide new opportunities for youth to engage in the green labour market.
